

## **New Developments for Women in Sanyati District, Zimbabwe**

We would like to say a big thank you to our Sponsors, Afrikagrupperna and US Embassy in Harare for partnering with us to support the Kubatana Women Action Centre in Sanyati.

Afrikagrupperna assisted with fencing and drip which goes a long way in security, privacy, and protection of plants and other projects at the Centre. The fence also deters animals, prevent children and pets from wandering, and enhance the overall aesthetic appeal of the garden.

A big shout out to the US Embassy in Harare who contributed the solar powered borehole including tanks to support gardening projects by Women in Sanyati through reliable, sustainable, and cost-effective source of water. The gesture by the US Embassy in Harare has improved access to clean water for drinking and sanitation, reduced burden on women and children who often spend significant time collecting water, and support for agriculture and livestock.
